INDIANA LONG TERM CARE LEADERSHIP CONFERENCE

PRESSURE ULCERS STRATEGIES FOR REDUCTION OF PRESSURE ULCERS

REGISTRATION BROCHURE

OCTOBER 30, 2007

INDIANA CONVENTION CENTER

INDIANAPOLIS, IN

INVITATION TO THE OCTOBER 30, 2007 LEADERSHIP CONFERENCE

The Indiana State Department of Health (ISDH) invites you to attend the second Indiana Long Term Care Leadership Conference scheduled for October 30, 2007 in Indianapolis. The ISDH is planning an outstanding program. The topic of the October Leadership Conference will be "*Strategies for the Prevention of Pressure Ulcers*." The ISDH invites you to join us as we address this significant healthcare problem.

CONFERENCE TOPIC: "STRATEGIES FOR THE PREVENTION OF PRESSURE ULCERS"

The October Leadership Conference will:

- Kick-off the development of initiatives directed at the prevention of pressure ulcers.
- Provide you with information that can be carried back and immediately utilized in the development of facility procedures.
- Provide ideas that can be developed into a long term program to prevent pressure ulcers through the presentation on the New Jersey initiative.

Because pressure ulcers are a problem for both long term care facilities and hospitals, the ISDH is inviting both groups to attend the conference and the program will be directed to both provider groups.

INVITED PARTICIPANTS

The ISDH invites each comprehensive care facility (nursing home) to send two representatives to the conference. Each facility may select the individuals attending the conference on behalf of their facility. In addition, the ISDH invites each hospital to send two representatives. The ISDH recommends individuals such as the facility administrator, director of nursing, or compliance officer. Corporate offices of facilities are also invited to send appropriate representatives.

Also invited by the ISDH are selected professional organizations and individuals including: the Alzheimer's Association of Greater Indiana, HealthCare Excel, Hoosier Owners and Providers for the Elderly, Indiana Health Care Association, Indiana Hospital & Health Association, Indiana Homes and Services for the Aging, Indiana Assisted Living Federation, Indiana Ombudsman, patient safety coalitions and centers, and United Senior Action. The ISDH will also be inviting academic and legislative partners. All ISDH long term care and acute care surveyors will be attending.

INDIANA LONG TERM CARE LEADERSHIP CONFERENCE

PRESSURE ULCERS STRATEGIES FOR REDUCTION OF PRESSURE ULCERS

ABOUT THE LEADERSHIP CONFERENCE

The Indiana Long Term Care Leadership Conference is a new initiative of the Indiana State Department of Health (ISDH). The ISDH plans a spring and fall, one-day Leadership Conference with a focus on a single issue. At the first Leadership Conference on June 14, 2007, 720 participants from 313 long term care facilities and 12 healthcare organizations along with ISDH long term care surveyors were treated to an outstanding presentation and valuable educational resources on falls management.

Each conference will:

- Provide updates on the long term care licensing and certification program
- Discuss quality of care initiatives and programs
- Discuss an ongoing regulatory issue with a goal of clarifying regulations and providing improved guidance on issues
- Provide best practices on quality of care
- Provide an opportunity for increased interaction and awareness

The ISDH is excited to bring together healthcare leaders to discuss healthcare and the regulatory system. It is our goal to develop evidence-based standards that result in improved quality of care provided to residents while improving the effectiveness of the survey process. The conferences will be an important opportunity to have dialogue on long term care issues and improving the health of Hoosiers.
